#### Shortcutting

For the purpose of this event shortcutting is defined as; "The placing of a competing vehicle so that one or more road wheels comes into contact with the cultivated grass at either side of the stage route. Driving the aforementioned vehicle off the otherwise defined stage route. I.E through straw bales, road cones or other like barriers, and in doing so drive a course that is not as the organisers intended whether this course is longer or shorter than the intended route and irrespective of whether any gain was made/lost from such a manoeuvre howsoever caused.

#### Arrowing

The onus is on the competitor to follow the correct route which will be marked by arrows. If there is any deviation between the route shown on the stage plan and that shown by the arrows then the arrowed route shall be deemed correct. Note "Split" junctions and Chicanes may be used, these must be negotiated correctly. You will be required to do two laps of some stages.

#### Stage Cancellation

Should controversy arise the organisers reserve the right (force majeure notwithstanding) to cancel the stage from the results if they deem it fairer to do so.

#### Servicing

Servicing will only be permitted in an area designated by the organisers. The behaviour of the Service Crew is the responsibility of the competitors. You are reminded that the service area is not a test track eg testing/warming of tyres is not permitted. It is suggested that all crews should take all reasonable care when working on their cars. If using a jack the use of axle stands is recommended and when working on the fuel systems the battery should be disconnected. All service vehicles are requested to carry a working fire extinguisher.

#### Sound Restrictions

In order to preserve the venue for future events, the RLO and organisers have found it necessary to impose the following restrictions:

### Timing

Special stages will be timed by digital clocks. The organisers reserve the right to use other methods should the digital clocks fail. Timing on stage will be to the last completed whole second, and competitors will be timed as they pass the flying finish line. Times will be entered onto the time card at the stop line. It is the competitors responsibility to ensure the time card is correctly filled in and handed in when instructed to do so. Should any queries arise regarding a time the organisers reserve the right to use appropriate check sheets to determine the correct time. Alterations etc, must be made at the control in question and be signed by the marshals concerned and signed by the competitor. Organisers times and mileage will be deemed correct.

This is a Target Timed event comprising Main Time Controls, Arrival Controls, Stage Starts/Finishes and Passage Controls. Apart from due time at Arrival Control 1 (MTC1), all other due times for subsequent arrival controls will be issued at the Passage Control following each stage finish control. The organisers will automatically calculate any stage delay times. Competitors will be required to reduce any lateness H.210. In the event of any retirement competitors will be required to close gaps. To be classified as a finisher a competitor must report to all controls listed in the road book and report to the final control within the maximum lateness specified with the same crew in the same car which they entered in.

### Stage Start Procedure

The Starting procedure for special stages will be either a flag or a set of traffic lights driven automatically from the start clock. For stages using a flag as the starting signal, the starting procedure will be as H.122 but with countdowns starting at 15 seconds due to starting intervals at 30 seconds. The starting procedure (including the sequence at lights on the traffic lights) if the start is by automatic traffic lights will be specified in an official instruction. False starts will be penalised 30 seconds per offence.

### Unforeseen Circumstances

The organisers may delete any part of the course of the competition, and if the competition is stopped before completion, distribute the awards at their discretion.

### Damage

All competitors will be required to complete and sign a damage declaration at the finish of the competition, giving details of any incident they may have been involved in causing damage to persons or property in accordance with K.20. Failure to supply this form within 72 hours of the finish of the event will be Penalised by a Non Returnable Fine of £100.

### Judges of Fact

### Final instructions

Final instructions will be posted to the nominated person no later than Wednesday the week prior to the event.
