Mon 25 th	Committee Night– usual venue

And if YOU have anything to add in to the Club Diary – please let the webmaster know.
webmaster@eastwoodmotorclub.co.uk

Club Clothing

Let's start 2019 with more members looking to wearing our Club Clothing catalogue. With the damp and cold days/nights around for the next few months (no doubt!) - check out the great Club Jacket and/or sweatshirts.

Great value and **still with the 20% discount** so get your order form in asap and lets all get kitted out in Club Colours for all your motorsport activities, whatever you are doing!

You can catch up with our President (Rick Hickman) to place your order.

A Club always looks very smart and “together” when everyone wears the Club Polo or Sweatshirt gear – we are proud of our great club and this is one way of showing it

Secretary Update -

IMPORTANT – Please note that the Next Club Natter has moved and we are now meeting on the –**Tuesday 8th January 2019 – usual same venue at The Royal Oak, Main Road, Watnall** see the [website](#) for details

The last Natter night was a good one with a great turn out, all lapping up the excellent free Xmas Buffet (and big thanks to Joy for the Mince Pies 1 ☺). We also had my usual motorsport photo quiz that seems to go down well and usually finds some photos that make folks have a good think. Well done all and hope you enjoyed the photos of venues in the past where we have run the Phoenix Stages Rally.

The Motorsports UK Regional Development Officer (RDO) also came along to meet us and have a chat – and gave a brief talk about his role and things that he might be able to assist us with. Watch this space! He did say afterwards that we were one of the friendliest and welcoming Clubs he has visited and living very near Derby, promised that he may well come and see us again in 2019.

Paul Davis was drumming up good business with renewal of club subs – if YOU haven't paid up yet, catch PD at the January Natter to make sure you get your free torch keyring.

By the time you read this, the Club Championships for 2018 will have finished – if you have any points claims post 20th December 2018, make sure to see Lee Sellars (the new Comp Secretary) with the usual's and he will add into the 2019 tables.

Awards Night – **Saturday 19th January 2019**. Same venue as before (Brinsley Parish Hall, Brinsley) – same format of £5 each for a sumptuous buffet with loads of food and brill puddings; bring your own alcohol please but tea, coffee and soft drinks are provided free. Get the ticket application form to Sandra – see the advert in this newsletter and in the website – again Sandra will be at the Natter to take your forms.

And great news that the **new website** has finally launched and looks great – very fresh, clear, bright - a professionals touch. Well done to Cat Lund (built it) and the Club Webmaster (Martin Freeman)... Remember that the site will only be as good as **you** make it by sending in new photos and articles. Use the same address webmaster@eastwoodmotorclub.co.uk and Martin F will sort it out.

For 2019 year, I'm looking to get the Committee members to run more events for the whole Club and as well as two Table Top Rallies and two Karting evenings plus at least 2 Grass Autotest events (weather permitting as ever!) let's get a date sorted for some more social events like skittles, ten pin bowling, gymkhana, treasure hunts etc. **More to follow.**

And that's it from me for now. Hope you all had a Great Xmas and New Year and very best wishes for a safe but competitive and social year in 2019. Let's build up more regular members in the great Club!

Mark Wagstaff, Hon Secretary

Hidden 24 famous cars from movies in this picture (below)

You'll need to really know your films and your cars, to find all of them.

The Blues Brothers (1980) was a Automageddon of car crashes and chases, but at its centre was a retired police car, "It's got cop brakes, shocks etc" and what better way to pretend that you are James Belushi or a thin Dan Ackroyd. It may be cheaper to buy a Homburg and a Harmonica, but far better to buy a big square '70-'80s Yank tank. The car used in the film was a '74 Dodge Monaco, but people variously believe that it was a Chevrolet, or Ford. So it doesn't matter so long as it is American and painted black with a white roof.

The Love Bug 1968 had VW Beetle in it that had a mind of its own. I know many owners who thought the same thing after a few years of dealing with the wayward handling and its inability to overtake a pushbike. Not only that it will be rusty too. So why not go for a later Mexican Beetle as turned up with Lindsay Lohan in Herbie Fully Loaded 2005. It is impossible not to love the Golf in dray especially if it is finished in a particularly bright colour.

The Blues Brothers (1980) was a Automageddon of car crashes and chases, but at its centre was a retired police car, "It's got cop brakes, shocks etc" and what better way to pretend that you are James Belushi or a thin Dan Ackroyd. It may be cheaper to buy a Homburg and a Harmonica, but far better to buy a big square '70-'80s Yank tank. The car used in the film was a '74 Dodge Monaco, but people variously believe that it was a Chevrolet, or Ford. So it doesn't matter so long as it is American and painted black with a white roof.

Here are a couple more clues to just a few of the 24 films featured in this picture Firstly there is a minis and a van with some doors... Then there is one with a secret agent and a submarine sports car?

So can you identify 24 of the most iconic movie cars from the cryptic image quiz?

+++++

Found this classic Monte Carlo Rally photo - - fantastic and makes you want to go and watch, eh?!
